Dear Sir/Madam:

Re: Reference for Israel Government Fellows applicant

The Israel Government Fellows program of the Menachem Begin Heritage Center is a unique partnership between the Begin Center and the Israeli government, endorsed by the Prime Minister, in which participants intern in various government offices in conjunction with an educational program focusing on social, economical and political issues facing Israel.

The Israel Government Fellows program is a prestigious initiative, highly-regarded by the institutions of government that work with us and receive our fellows as interns. Participants on the program work with senior government officials and are exposed to high-profile figures in Israeli political and cultural life.

In your letter of recommendation, please refer to relevant qualities and skills that you feel the applicant possesses, such as leadership skills, working well under pressure, working well in a team, good analytical, research and writing skills, and/or strong affinity with Israel or the Jewish people. Please feel free to relate to the applicant's suitability in terms of characteristics such as an eagerness to learn, humility, maturity in challenging situations, ability to see the big picture, open-mindedness, interpersonal skills, innovative thinking and a desire to contribute to something beyond themselves.

The letter should be written on letterhead and emailed to igf@begincenter.org.il with the subject line: "Recommendation for _____".

Please include the following in the body of the email:

Your name: _____
Title: _____
Telephone number: _____
Relationship to applicant: _____

Email is preferred, but you may also send the letter via post:
